THE 10TH
Annual Gala
for Systems Engineering Professionals

THE ENGINEERS CLUB
AT THE GARRETT-JACOBS MANSION
Baltimore, Maryland

9 August 2019

Welcome to the Chesapeake Chapter's 10th Annual SEP Gala. We are celebrating those individuals who have obtained the prestigious

INCOSE Systems Engineering Professional Certifications

Program Schedule

Master of Ceremony: Mr. Taras Mykytyn

5:30 Reception and Cocktail Hour

- *Opportunity to socialize & network with other Engineering Professionals*

7:00 Welcome Remarks

- *INCOSE-CC's 25th Anniversary - Reaching out as Engineering Mentors*

7:10 Dinner

8:00 Special Award & Presentations

- *Special Awards Presentation*
- *Garry Roedler, ESEP*
- *Courtney Wright, CSEP*

8:25 PM SEP Recognition Presentation

9:00 PM Closing Remarks

Cash Bar on Lower-Level until 9:30 PM
Valet Parking Closes at 10:00 PM

Board of Directors

President – Taras Mykytyn

President-Elect -Mark Evans

Past President - Grace Crowder, PhD, ASEP

Treasurer - Tony Giglioli, CSEP

Secretary - Jim DeCamp, ASEP

Communications Director - Paul Martin, ESEP

Membership Director - Mark Kaczmarek, ASEP

Programs Director - Chandru Mirchandani, PhD, ESEP

The Legacy Continues..... 25 Years of Service

SYSTEMS ENGINEERING

ENGINEERING FOR PROFESSIONALS

Elevate your career! Earn a master's degree or post-master's or graduate certificate in Systems Engineering from Johns Hopkins Engineering for Professionals, one of the nation's top online and part-time programs for working engineers.

We've designed a rigorous learning experience to give you the edge and insight you need to excel in your career. Experienced faculty incorporate projects that address real-world issues in the field today.

Apply Today!

Come to
The Systems Engineering

Oktober-Tool-fest

Saturday, October 26, 2019

8:30 a.m.–12:30 p.m.

APL/JHU Building 200 • 11101 Johns Hopkins Rd. Laurel, Md 20723

Cost: \$15.00, includes light brunch and lunch

MagicDraw - the award-winning business process, architecture, software and system modeling tool with teamwork support.

GENESYS and CORE are the only truly comprehensive MBSE software products available across the industry.

An advanced modeling and analysis tool for the development and maintenance of high-confidence and safety-critical systems.

Accelerating the pace of engineering and science. A leading developer of mathematical computing software for engineers and scientists.

Supports system engineers throughout the lifecycle by integrating requirements analysis and management, functional analysis and allocation, solution synthesis, test/evaluation, and simulation.

...Plus
more!

Each vendor will be giving a demo and presentation for their particular tool. Learn how these tools will enhance you and your company's Systems Engineering processes and skills. See these tools in action and ask about their functionality from the builders themselves.

Visit www.incose-cc.Eventbrite.com to purchase tickets online.

Visit the vendor booths free: Friday October 25, 4:00 p.m. – 6:00 p.m.

Speakers and VIP Guests

Garry Roedler, ESEP, INCOSE President

Senior Fellow and the Engineering Outreach Program Manager for Lockheed Martin and the President for the International Council on Systems Engineering (INCOSE). He has over 32 years of systems engineering (SE) experience that spans the full life cycle and includes technical leadership roles in both programs and business functions. Garry has held key leadership roles in several industry associations and standards development organizations, including chair of the IEEE Joint Working Group for DoD SE Standardization; editor of ISO/IEC/IEEE 15288, Systems Life Cycle Processes and several other standards; and key editor roles for the Systems Engineering Body of Knowledge (SEBoK) and the INCOSE Systems Engineering Handbook.

Courtney Wright, CSEP - INCOSE's Certification Program Manager

Ms. Courtney Wright, CSEP has previously worked as a contractor supporting the United States Air Force, National Geospatial -Intelligence Agency, National Aeronautics and Space Administration, and Federal Aviation Administration. Ms. Wright earned her Bachelor's degree in Mechanical Engineering from the University of Virginia and her Master's in Operations Research from Georgia Tech. A small business owner, she continues to consult as an instructor for professional development courses in systems engineering.

David A. Long, ESEP, INCOSE Past-President

David Long is the founder of Vitech Corporation, where he developed and commercialized CORE™, a leading systems engineering software environment used around the world. He continues to lead the Vitech team as they deliver innovative, industry-leading solutions helping organizations to develop and deploy next-generation systems. His experiences and efforts led him to co-author the book A Primer for Model-Based Systems Engineering to help spread the fundamental concepts of this key approach to modern challenges. In 2006, David received the prestigious INCOSE Founders Award in recognition of his many contributions to the organization.

Champions and Practitioners of Systems Engineering

Congratulations to 2019 Systems Engineering Professionals
