

April 2020 News & Updates

[Responding to to COVID-19 pandemic crisis](#)

We have canceled all our dinner meetings, face-to-face presentations and in-person events for March and April, consistent with the State of Maryland guidelines.

To All INCOSE Chesapeake Chapter members, their families and the system engineering community at large: We want to communicate our plans and talk to you about some upcoming impacts we see happening during this COVID-19 pandemic crisis. During this period, critical health information on how to remain safe and how to respond to a sickness in the event of an infection are our best assets. And sharing planning information about developments, progress and the status of events that may affect our lives is the second-best set of needed information you can have.
